

ICMMM 2021

SEPTEMBER 25-27, 2021 | WASHINGTON, USA

2021 8th International Conference on Mechanical, Materials and Manufacturing

WWW.ICMMM.ORG

ICMMM 2021 is co-sponsored by Capitol Technology University, USA, with its workshop [TMAE 2021](#). ICMMM aims to provide a platform for scholars, engineers, and scientists to present robust research demonstrating the expanding frontiers in the fields of Mechanical, Materials and Manufacturing. The past seven events were held in Chengdu (China, 2014), Paris (France, 2015), Savannah (USA, 2016), Atlanta (USA, 2017), Orlando (USA, 2018), Boston (USA, 2019), Virtual Conference (2020) successively.

CALL FOR PAPERS

Material Science and Engineering

- Biomaterials and Chemical Materials
- Materials Forming, Machining
- Smart and Intelligent Materials
- Optical/Electronic/Magnetic Materials
- Mechanical Reliability Theory and Engineering
- Earthquake Resistant Structures, Materials and Design

Mechanical and Manufacturing Engineering

- Aerospace Systems and Technology
- Computational Fluid Dynamics
- Internal Combustion Engines
- Solid and Fracture Mechanics
- Renewable and Non-Renewable Energies
- Tribology and Reverse Engineering
